PRESS RELEASE

July 2nd, 2010

Massachusetts Businesses support a Clean Energy climate plan

Ceres, the Clean Economy Network and New England Clean Energy Council joined with over 50 Massachusetts businesses to urge Senator Scott Brown (R-MA) to provide bipartisan leadership to level the playing field for Massachusetts green companies.

Organized by We Can Lead, a project of Ceres and the Clean Economy Network, the 50 companies - with Advent Technologies amongst them - signed on to an ad encouraging Senator Scott Brown to support a clean energy climate plan that includes a price on carbon pollution.

ADVENT TECHNOLOGIES S.A. is engaged in research, development and commercialization of new materials and systems for renewable energy sources. The major effort of the Company focuses on a high temperature PEM fuel cell system based on its proprietary technology. The Company, founded by researchers from the Foundation for Research & Technology-Hellas (FORTH-ICEHT) and the University of Patras in February 2005, is a spin-off operation from these two academic institutions and is funded by industrial partners (Systems Sunlight S.A., Velti S.A, ILPRA S.A.) and private investors. Advent Technologies is headquartered in Athens, Greece and occupies research, development and manufacturing space in the Patras Science Park (PSP) and in its US location in Boston Massachusetts.
